Summer 2021

Re: Friends United Beyond All Race (F.U.B.A.R.) In support of Make-A-Wish® BC & Yukon Canada.

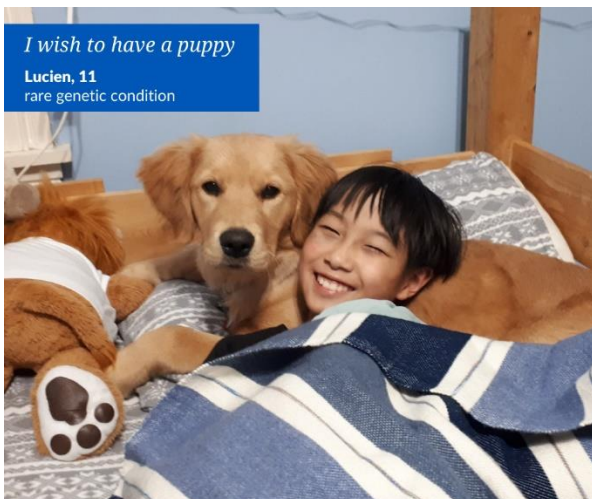

Every child has the right to dream. Some children need their dreams to come true right away! To help these children, The Make-A-Wish Foundation of BC & Yukon has one simple mission: grant the special wish of every eligible child, aged 3 to 17, living with a critical illness.

In 2019, the organization granted over 1,000 life-changing wishes. But as we all know, 2020 was different and as a result of COVID-19, thousands of wishes are now waiting.

With the average value of a wish at approximately \$12,000 we rely entirely on individual and corporate donations, special events and fundraising campaigns to help us say 'yes' to these inspiring children.

Wishes are as unique as the children who wish them, and whether it's to have a playhouse like Emma, or to have a puppy like Lucien, one constant remains – every wish we grant carries a child and their family from a place of uncertainty to a place of possibility where wishes come true.

We are thrilled to have **Friends United Beyond All Race (F.U.B.A.R.)** supporting our mission and our wish kids. It is our hope that revenue generated from Friends United Beyond All Race (F.U.B.A.R.) will help us say 'yes' to magical wishes of children across our province, who are battling life-threatening medical conditions and whom so desperately need the hope, strength and joy that each wish provides.

We grant wishes because wishes change lives. Please consider helping us change more lives by participating in the Friends United Beyond All Race (F.U.B.A.R.) FUNdraising event. Thank you for helping us *share the power of a wish®!*

Sincerely,

Victoria MacLellan
Events & Fundraising Coordinator
